Financing Trends

- Many “low hanging” fruit opportunities solved
 - Data systems and use getting increasing attention
 - Increased demand for evidence based decision making
 - Donors funneling support through global mechanisms
 - Focus on country led-country owned systems
 - Countries asked to coordinate donors and partners

Key Questions – Others?

- What trends in immunization and data systems and use is your organization focused on currently?
 - How have these changed in the past few years and why have they changed?
 - How are you balancing the need to demonstrate improved immunization outcomes with broader health systems strengthening efforts.
 - What key trends do you see have taken place in the past few years that are affecting donor/partner priorities?
 - What advice would you offer to countries applying for funding or partner support?
 - How can countries optimize support from your institution?
