

BID INITIATIVE

Better data. Better decisions. Better health.

BID Learning Network Data Quality and Use (DQU) Collaborative Learning Session 2

Chilunga Puta

Refresher, 24 July 2019

24 July 2019

Contents

DQU Collaborative Framework

PIA Framework

Activities to mid October 2019

Activities Aug. to Oct. 2019

Deliverables

Clarifications

What is the BLN DQU?

Goal

To improve data quality and use through collaborative peer learning.

Collaborative

Several GAVI-supported African countries working together as peers to improve DQU

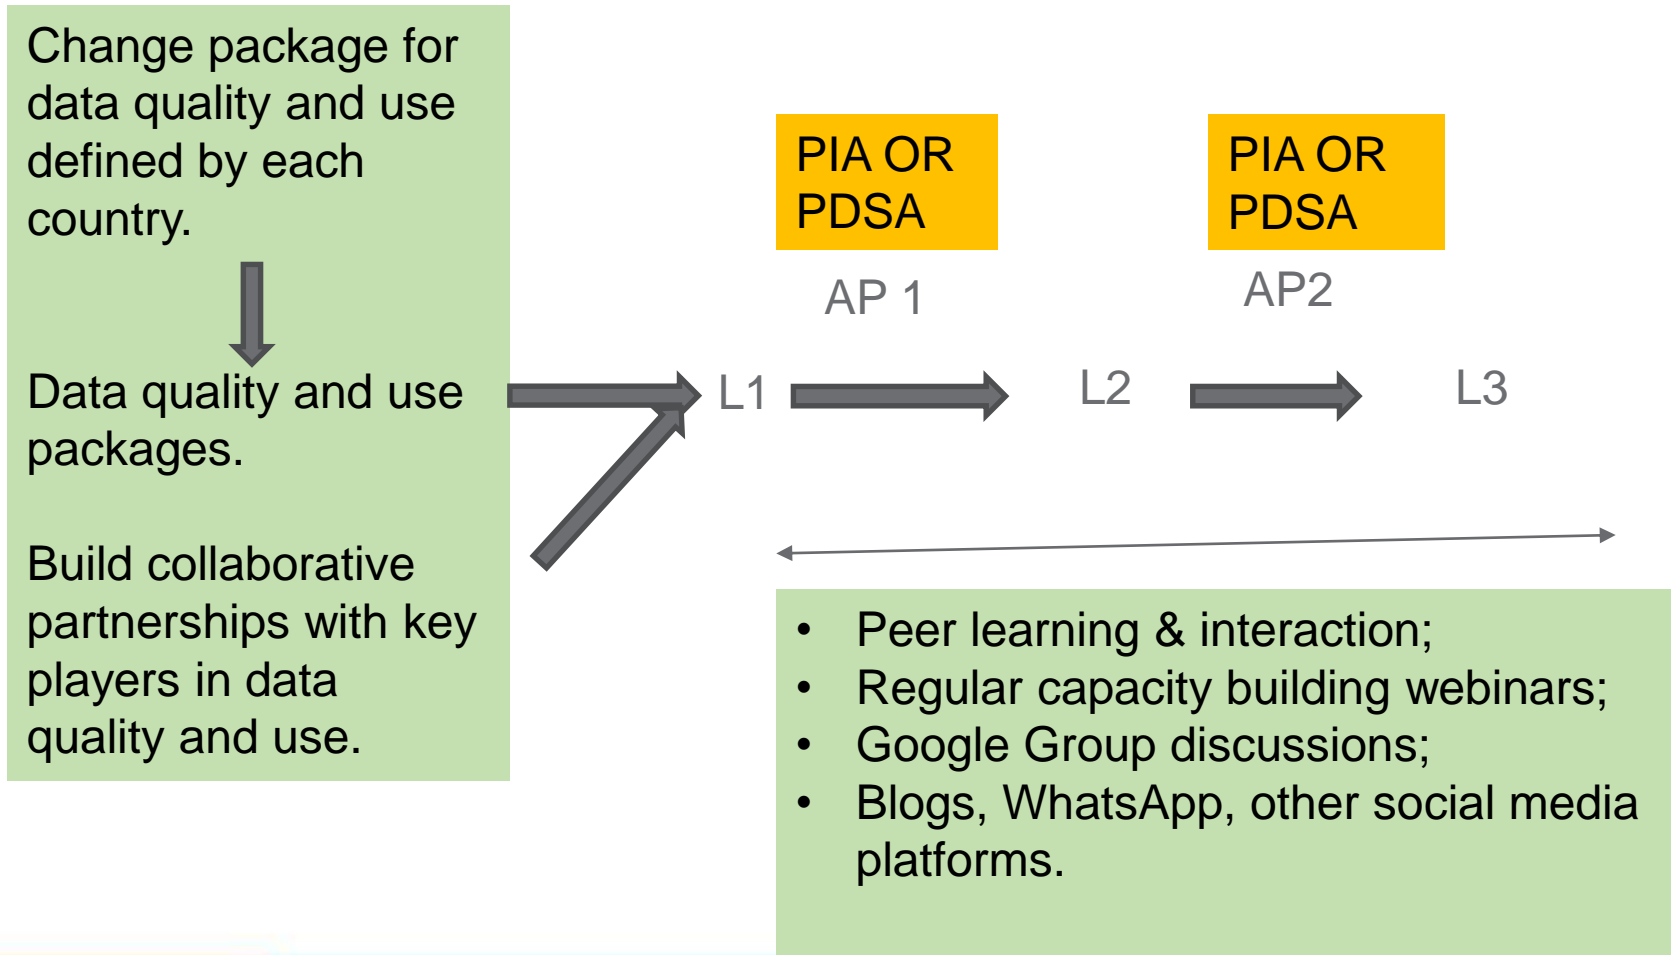

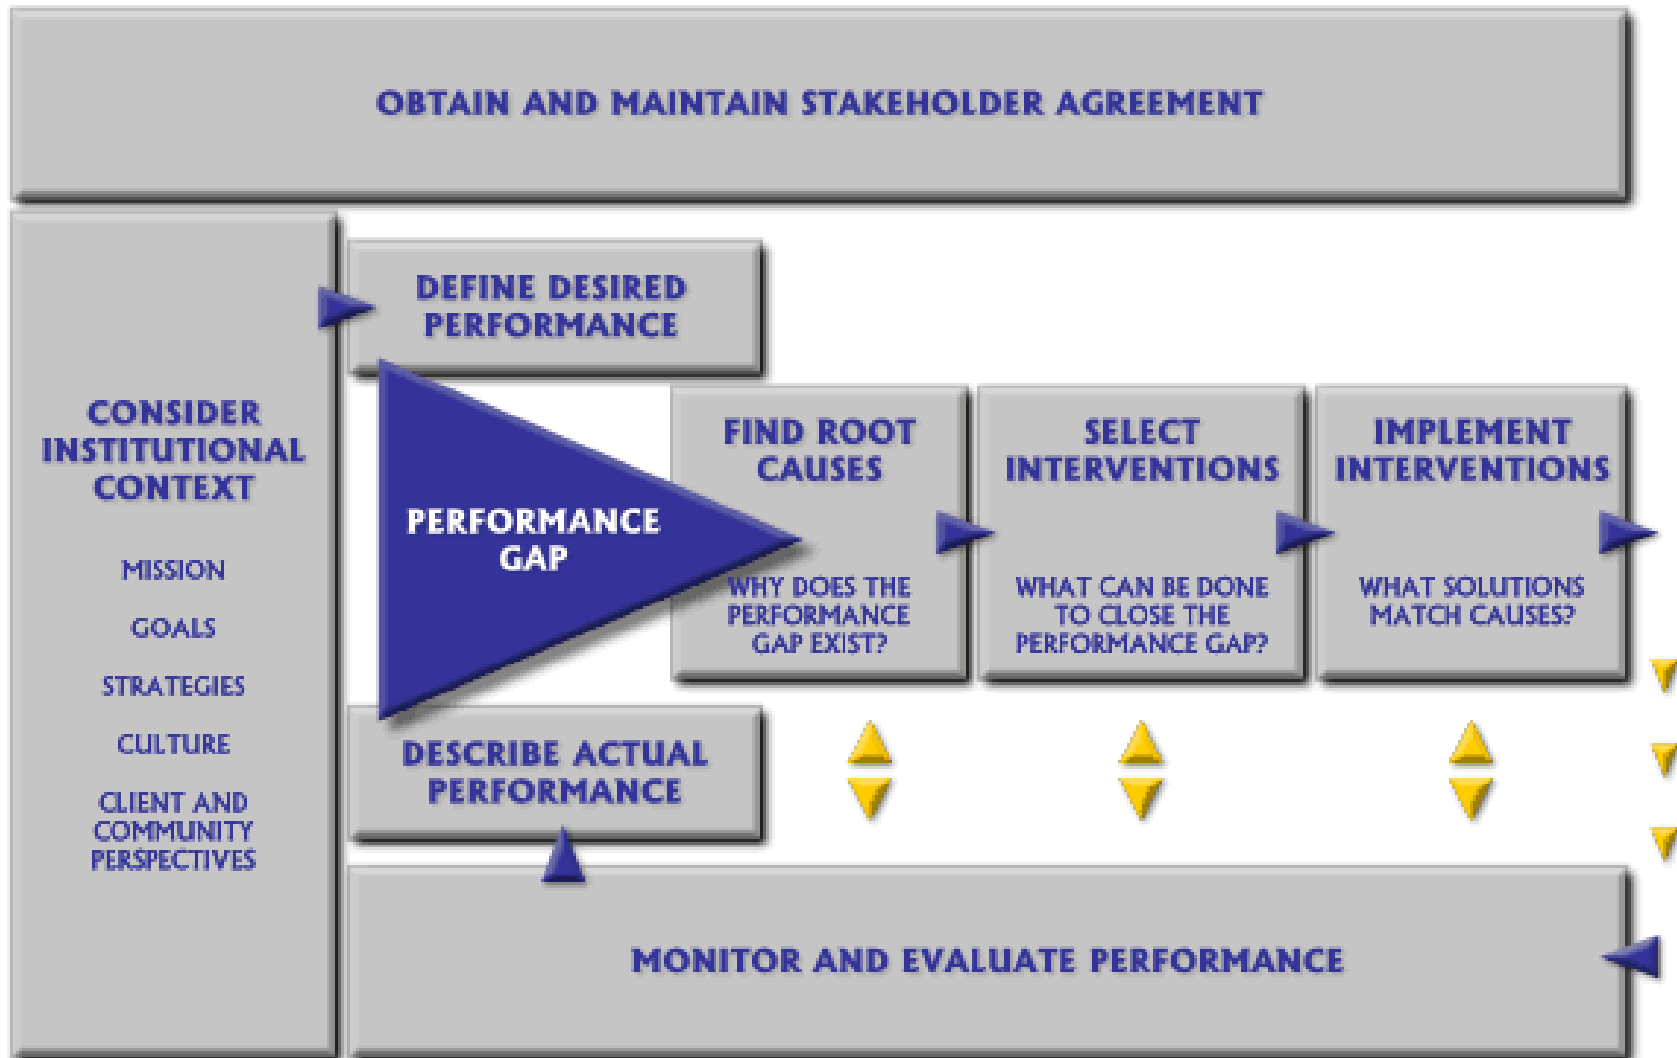

Financing

Currently financed by GAVI – SFA.

DQU Framework

Critical Activities by end of meeting

- Set priority area of intervention
- Set time-bound improvement targets (desired performance)
- Design intervention package (what you are going to do)
- Share these with DQU & secretariat for accountability

Action period (1st August – 31st October)

- From Aug 1 to October 15th you will implement your intervention from this meeting
- Monitor implementation
- Prepare a report of what has been achieved
- Prepare webinar to share your results with the BLN community in October

What we have to deliver to Gavi by 31st October, 2019

- Case study
- Best practices
- Lessons learned

Next Steps

- Implement interventions that will achieve the targets you have committed to during this meeting
- In –depth interaction with country you have been paired with between now and reporting date in October (peer sharing and encouragement)
- Second social networking analysis questionnaire will soon be sent out to all Gavi-SFA DQU members – this is an important deliverable so please complete it as soon as you get it.
